All clients shall be informed of their right to access housing and services without discrimination, and of their right to initiate a grievance if they believe they have been discriminated against.

Preventing Family Separation Policy

Families experiencing homelessness should not be separated when receiving services unless the health and well-being of children are at immediate risk. The age and gender of a child under the age of 18 shall not be used as a basis for denying a family's admission to any housing services. In addition, a broad definition of family must be used that allows for single parent households of any gender identity, two parent households including same sex parents and LGBT parents, and extended families to be served together with their children.

Furthermore, in compliance with HUD's Equal Access in Accordance with Gender Identity Rule, all households that present as a family must be served together as a family, whether that family includes adults and children, or just adults, and regardless of the age, disability, marital status, actual or perceived sexual orientation, or gender identity of any member of the family.
