Housing Resources

Housing Choice Voucher

The **Housing Choice Voucher Program** is the federal government's major program for assisting very low-income families, the elderly, and the disabled to afford decent, safe, and sanitary housing in the private market. Since housing assistance is provided on behalf of the family or individual, participants are able to find their own housing, including single-family homes, townhouses and apartments.

Housing Choice Voucher (HCV) Waiting Lists: Closed

The Michigan State Housing Development Authority's (MSHDA) Housing Choice Voucher Program waiting List is currently closed.

Project Base Voucher

The **Project Based Voucher Program (PBV Program)** is designed to provide low and moderate-income individuals and families with housing assistance in specific units contracted with Detroit Housing Commission (DHC). Housing assistance is provided to income eligible applicants who are approved for tenancy at the contracted location. You apply to the PBV location waiting list of your choice.
